PROFESSIONAL SUMMARY

B.Tech Electrical Engineering student with hands-on experience building web applications using React, Next.js, and TypeScript, and practical exposure to Kali Linux, network reconnaissance, and cybersecurity fundamentals. Comfortable working across electrical engineering coursework and self-directed technical projects, and seeking an internship in software development, web development, or cybersecurity to build on this foundation.

EDUCATION

B.Tech, Electrical Engineering

2024 - 2028 (Pursuing)

Ramkrishna Mahato Government Engineering College (RKMGEC), Purulia - affiliated with MAKAUT

- Currently in 5th semester. SGPA by semester: Sem 1 - 7.23, Sem 2 - 7.41, Sem 3 - 7.41, Sem 4 - 6.68.
- Relevant coursework: Network Theory, Electrical Machines, Power Systems, Power Electronics, Control Systems, Digital Electronics, Signals and Systems.

Higher Secondary

2023

Score: 80.8%

Madhyamik (Secondary), West Bengal Board

2021

Score: 92.1%

TECHNICAL SKILLS

- Programming:** Python, C, JavaScript, TypeScript
- Web Development:** HTML, CSS, React, Next.js, Tailwind CSS, Node.js
- Cybersecurity & Networking:** Kali Linux, Linux CLI, Nmap, Wireshark, network reconnaissance, network fundamentals, ethical hacking fundamentals
- Tools & Platforms:** Git, GitHub, VS Code, Vercel, Netlify, MATLAB, Google Sheets API
- Data / AI Exposure:** Python, pandas, scikit-learn, exploratory data analysis, basic machine learning

PROJECTS

Private Two-User Communication Web Application

Next.js, TypeScript

Next.js, TypeScript, Tailwind CSS, Node.js

- Designed and built a private web application for two users, including a custom username/password authentication interface and a responsive dashboard.
- Implemented a shared timeline, personal notes, and real-time messaging functionality with a dark-themed, mobile-friendly UI.

Cybersecurity Lab

Kali Linux, Nmap, Wireshark

- Configured a Kali Linux environment for hands-on cybersecurity practice in a controlled setting.
- Practiced host and service discovery using Nmap and analyzed network traffic using Wireshark.
- Studied core networking and security concepts through Linux command-line operations.

Mobile Shop Management Website

HTML, CSS, JS, Google Sheets API

- Built a responsive business website with live product and pricing management driven by the Google Sheets API.
- Implemented a customer enquiry form and one-tap WhatsApp contact integration for a non-technical shop owner.

Family Personal Manager

HTML, CSS, JavaScript

- Developed a browser-based application for tracking expenses, reminders, and important notes using LocalStorage.
- Designed a simple, large-touch-target interface for use by non-technical family members.

Personal Portfolio Website

sourav435.vercel.app

- Built and deployed a responsive personal portfolio with a project showcase and a contact form integrated with the Google Sheets API.

EXPERIENCE / LEADERSHIP

Campus Ambassador, PhysicsWallah - Nov 2025 - Present
Campus Ambassador, TRYST, IIT Delhi - Feb 2026 - Mar 2026

CERTIFICATIONS

- Yuva AI for All - NASSCOM FutureSkills Prime, Feb 2026
- Gemini Models in BigQuery - Google, Nov 2025
- Gemini for Data Scientists and Analysts - Google, Oct 2025
- 2-Day Data Science Workshop - Newton School, Sep 2025

LANGUAGES

Bengali, Hindi, English
